COTM: Mary Ann Breland, IM-42

Contract Specifics: This is a Minority-owned, Small Disadvantaged Business (SDB) contract. This is a Time & Materials, Labor Hour-type contract with Fixed fully loaded rates. This was a FAR 15 Full and Open award contract. Ceiling price for the base period of 24 months: \$26,211,992.20.

Period of Performance: Base Period is 24 months: April 1, 2006 through April 4, 2008

Scope/Background:

Systems Development and Engineering - Activities pertaining to software development support for all existing, planned, and future DOE IT systems. Typical duties include capturing user and business owner requirements; coordinating with appropriate Departmental personnel regarding enterprise architecture; identifying functional, security, and performance requirements; developing logical and physical database models; performing coding, testing, quality assurance, design, and program documentation; implementation; and maintaining interoperability between future and existing hardware and software applications. Software applications include, but are not limited to, web applications, Commercial-Off-The-Shelf (COTS) integration, Government-Off-The-Shelf (GOTS) integration, and custom applications development. All work objectives will be defined and funding at the subtask level.
